## INTERNATIONAL SEARCH REPORT

International application No.

|  | PCT/IL05/00055   |                             |  |
|--|--|-----------------------------|--|
| A CLASSIFICATION OF SUBJECT MATTER IPC(7): A61K 51/00, 49/00; C07F 5/00 US CL: 424/1.89, 9 1, 9.3, 1.65; 534/14 According to International Patent Classification (IPC) or to both n  | national classification and IPC  |                             |  |
| B. FIELDS SEARCHED   |  |                             |  |
| Minimum documentation searched (classification system followed U.S: 424/1.89, 9.1, 9.3, 1.65; 534/14; 436/504  | d by classification symbols)   |                             |  |
| Documentation searched other than minimum documentation to the   | ne extent that such documents are included in  | the fields searched         |  |
| Electronic data base consulted during the international search (national S | me of data base and, where practicable, searc  | h terms used)               |  |
| C. DOCUMENTS CONSIDERED TO BE RELEVANT   |  | <del></del>                 |  |
| Category * Citation of document, with indication, where  | appropriate, of the relevant passages  | Relevant to claim No.       |  |
|  | 6147 A2 (NST NEUROSUR VIVAL, TECHNOLOGIES LTD.) 13 June 2002 1-27  |                             |  |
|  |  |                             |  |
|  |  |                             |  |
|  |  |                             |  |
|  |  |                             |  |
| Further documents are listed in the continuation of Box C.   | See patent family annex  |                             |  |
| Special categories of cited documents:  "A" document defining the general state of the art which is not considered to be of particular relevance.  | "T" Inter document published after the internati<br>and not in conflict with the application but<br>principle or theory underlying the invention | cited to understand the     |  |
| "E" cordier application or potent published on or after the international filing date  1. document which may throw doubts on priority claim(s) or which is cited to  | "X" document of particular relevance; the claim<br>considered novel or cannot be considered to<br>when the document is taken alone               |                             |  |
| establish the publication date of enother citation or other special nearon (as<br>specified)   | "Y" document of particular relevance; the claim<br>considered to involve an inventive step wh<br>with one or more other such documents, su       | en the document is combined |  |
|  | to a person skilled in the art   |                             |  |
| "P" document published prior to the international filing date but later than the priority date claimed   | "&" document member of the same patent family  |                             |  |
| Date of the actual completion of the international search  | Date of mailing of the international search  | report                      |  |
| 02 June 2005 (02.06.2005)  | 21 JUL 200   |                             |  |
| Name and mailing address of the ISA/US  Mail Stop PCT, Attn: ISA/US  Commissioner for Patents  | Authorized officer Michael G. Hartley M. LOS   |                             |  |
| P O. Box 1450<br>Alexandria, Virginia 223 13-1450<br>Facsimile No. (703) 305-3230  | Telephone No. (703) 308-1235   |                             |  |
